The diagram illustrates a code refactoring or consolidation. On the left, two separate functions are listed: 'AdvanceStickAssignmentDialog::checkForAxisAssignmentStickOne' and 'AdvanceStickAssignmentDialog::checkForAxisAssignmentStickTwo'. Arrows from both of these functions point to a single function on the right: 'AdvanceStickAssignmentDialog::checkForAxisAssignmentSticks'. This target function is highlighted with a gray background, indicating it is the new, consolidated function that replaces the two original ones.
