The diagram illustrates a file dependency structure. At the top is a grey rectangular box containing the path and filename `/home/pawel/antimicrox/src/keyboard/virtualmousepushbutton.h`. Below this box are two white rectangular boxes. The box on the left contains the path and filename `/home/pawel/antimicrox/src/keyboard/virtualkeyboardmousewidget.cpp`. The box on the right contains the path and filename `/home/pawel/antimicrox/src/keyboard/virtualmousepushbutton.cpp`. Two blue arrows point from the bottom-right corner of the left box and the bottom-left corner of the right box towards the bottom edge of the top box, indicating that both source files include the header file.
