

/home/pawel/antimicrox
/src/autoprofilewatcher.h

```
graph TD; A["/home/pawel/antimicrox  
/src/autoprofilewatcher.h"] --> B["QHash"]; A --> C["QSet"]; A --> D["QTimer"];
```

The diagram illustrates a C++ header file, `/home/pawel/antimicrox/src/autoprofilewatcher.h`, which includes three Qt classes: `QHash`, `QSet`, and `QTimer`. Three blue arrows point from the header file box to the class boxes below it.

QHash

QSet

QTimer
