

JoyTabWidget::displayProfile
EditNotification

```
graph LR; A["JoyTabWidget::displayProfile<br/>EditNotification"] --> B["PadderCommon::loadIcon"]
```

A diagram showing a call from JoyTabWidget to PadderCommon. On the left, a gray rectangular box contains the text "JoyTabWidget::displayProfile" and "EditNotification" on two lines. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "PadderCommon::loadIcon".

PadderCommon::loadIcon
